ABOUT ME

29 Years old I have lived in Utah most of my life. I live in Eagle Mountain, UT with my wife, and 4 kids. Besides spending time with my family, I also love the outdoors and traveling. Art and design have always been a big part of my life. When I finally got into graphic design, I knew design is what I would be doing for the rest of my life. After beginning my education in design I was introduced to UI/UX design, and I saw how valuable it was. I loved the idea of creating design that helped user experiences, and it has become my career goal ever since.
